

SHALEIGH

DANCEWORKS

www.shaleighdanceworks.com

The arts are essential to strong, vibrant communities. We strengthen neighborhoods and communities by preserving the culture and memories of specific places with our **site-specific work**. Our **outreach programs** have a positive impact on health and well-being of our community members. Our **performances** offer personal enjoyment to individuals and families while building community and giving voice to the human condition. Together we are building a sustainable future with greater impact.

SHALEIGH DANCE WORKS CREATES AND SUPPORTS PROGRAMMING FOR THE WELLBEING OF INDIVIDUALS & COMMUNITIES

Why Sponsor?

ShaLeigh Dance Works believes in the power of diversity and challenging the status quo. We create socially conscious dance-theatre work and outreach programs with impact. We believe that what we continue to do in the studio will affect the world outside. Last year you helped us raise \$6,000 and we produced 22 performances, 4 touring productions, 3 world premieres, 20 outreach classes, and 8 community workshops. We provided a platform for 2,000 community members by hosting Durham's March for Our Lives. We brought visibility to individuals with special needs by creating two public performances at DPAC. We provided clothing and blankets to individuals who are homeless.

This year, as we launch our 4th season in NC, we are celebrating receiving funding from the Mary Duke Biddle Foundation and are campaigning for accessible outreach programs, living wages, and continued artistic innovation. This year we endeavor to raise \$12,000 to support this vision.

A dynamic cultural sector is a catalyst for growth, attracting and retaining businesses and visitors. By supporting ShaLeigh Dance Works' programming, you are supporting opportunities with meaningful and sustainable impact for both individuals and communities!

TOGETHER WE CAN CHANGE LIVES
